

**SYNOD 2022**  
*Nominations and Elections*  
**God is in the Other Place**

You can help with one of the more important tasks that any stated Synod is asked to do: elect the most gifted people available to positions of leadership in the Province. This process begins with identifying those who are willing to be on the ballot.

The Nominations Committee has been working for several months and now needs your help in identifying those who would consider nomination. If you are willing to submit your name for a position or if you would like to submit another person's name for consideration, go to [www.mcsp.org](http://www.mcsp.org) and click on Synod, then the link to 'Nominations Information.'

Follow the instructions using either of the two types of forms. One is a 'Provincial Board Candidate Recommendation Form' to use for submitting another person's name. The other has two versions— 'Provincial Board Candidate Information Form' and 'PEC Candidate Information Form.' Those who choose to submit their names for consideration use these forms.

It is not necessary to contact a person before recommending his or her name. The Nominations Committee will do that. However, it may be helpful for you to encourage that person to give serious thought to this opportunity.

If you don't have access to the Internet, ask your church office for a printable version of the form you need. It's important that we all have this opportunity to nominate.

In addition to these forms, the website provides a description of responsibilities and expectations for each Provincial Board, the PEC, and Unity Synod. You will also find an explanation of the nominations process.

Thank you for your help!
